

BEAUTY Oasis NEWS LETTER

Hi Everyone,

Well what a year 2018 was for us with numerous awards both for our training academy and our wonderful salons and teams. We have also been shortlisted for the '2019 South West Business of the Year Award'. The Gala is in January so we'll let you know how we get on.

We have bounced into 2019 with a brand new treatment in our Clevedon Salon. We are proud to be working in collaboration with an industry specialist Rita Allan who used to run our Clevedon salon before we bought it and she is helping us introduce Intense Pulse Light (IPL) into the salon for us.

This wonderful treatment helps many things such as hair removal, skin blemishes and fine lines, look inside for more information.

Winscombe Salon is also upskilling staff and taking on a new Microdermabrasion machine in January so look out for that Winscombe Clients! Again, info inside.

We hope you have a happy and prosperous 2019 and thank you all again for your support and custom.

With love *Sarah x*

IPL Skin Rejuvenation

Ultra VPL is the latest advance in pioneering Variable Pulsed Light technology. This quick effective and safe treatment helps to improve skin texture and tone and reduces a wide variety of skin imperfections for both men and women. It offers a safe, non surgical treatment for many conditions often brought about by age or sun exposure.

Each session will be personally adapted to suit each individual, every unwanted hair, thread vein, spot and blemish can be incorporated into the treatment with settings adjusted accordingly. It's not a 'one size fits all approach' but a new way to achieve desired results way beyond what could be achieved with a course of regular facials.

GOOD FOR TREATING Wrinkles and fine lines

Thread veins, spider naevi
and cherry spots

Sun, liver and age spots

Rosacea and acne scarring

IPL Hair Removal

Ultra VPL by Energist has been clinically proven to permanently reduce unwanted hair. It is the Intense Pulsed Light treatment which delivers results when combined with a structured treatment plan adapted to the individual. Ultra VPL uses short, safe, controlled pulses of filtered light. So Electrolysis may also be included in the treatment plan.

Unique to Our Winscombe Salon

We have upskilled our therapists so from the end of January we will be able to offer a new range of advanced treatments.

Only the highest skilled therapists are able to offer these treatments.

Guinot Hydradermie and Hydralift treatment

Market leaders these treatments deep clean, brighten and lift and sculpt the skin of the face, working on all skin types this is often described as the queen of all Facial Treatments.

Monthly treatments will maintain a perfect complexion or a course of 10 is recommended for more lasting results.

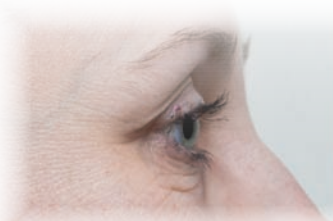

What is Diamond Microdermabrasion Treatment?

Diamond microdermabrasion is one of the easiest and most effective ways to fight the effects of aging. With the use of high-tech skin care products, our therapists are able to penetrate deep into the skin, allowing your body to build collagen and help you recover your youthful appearance.

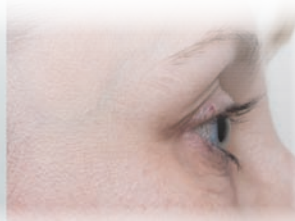

Using a diamond tip, the outer layers of the skin are exfoliated, and this allows for the reduction of so many skin conditions such as fine lines, dull skin, spots and blemishes, scarring and pigmentation.

Cryo

Unique to Pier Auge salons is the amazing Cryo treatment, the products penetrate directly into the skin to reduce puffiness and fine lines and wrinkles, over a course of 5 treatments it gives effects that last for up to 6 months.

BEFORE

AFTER

Seasonal Skin Care

Exfoliator

The change in the outside temperature can leave your skin dry and flaky. Using a gentle facial exfoliator will help to combat this.

We recommend Guinot Gommage Biologique Biological Peeling Radiance Gel.

How it works:

- 🍃 Natural fruit acids: exfoliate the skin and activate cell regeneration.

Moisturiser

Central heating plays havoc with your complexion by dehydrating the skin.

So why not try Guinot Creme Hydra Beaute Long Lasting Moisturizing Cream for Dehydrated Skin.

It instantly softens, smoothes, moisturises and leaves your skin luminous.

How it works:

- 🍃 Re-hydrates the skin
- 🍃 Increases cellular bonding
- 🍃 Rebuilds the protective film helping skin to retain moisture
- 🍃 Smooth out fine, dry lines.
- 🍃 Restore a luminous skin and a radiant complexion.
